

CIARAN O'FLYNN JEWELLERS

Printable Ring Sizer

STEP 1 — CHECK YOUR PRINT SCALE

Measure the line below. It must be exactly 100 mm. If not, reprint at 100% / “Actual size”.

STEP 2 — CUT OUT THIS STRIP

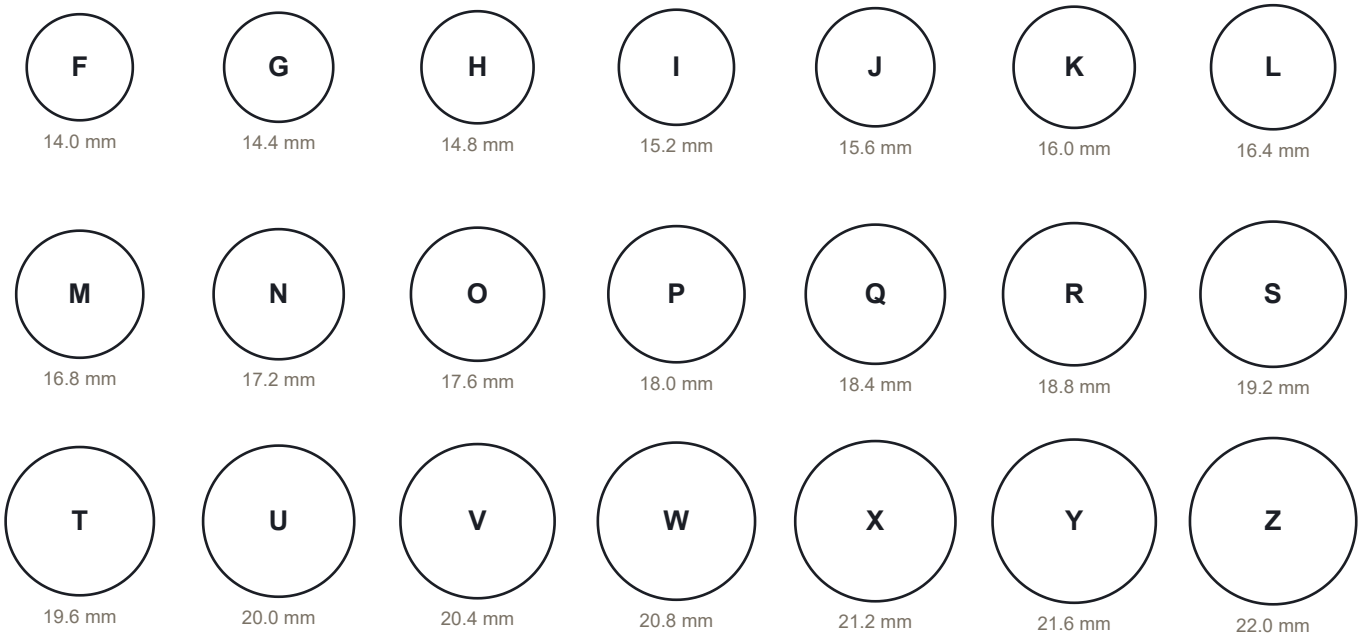

Cut along the dashed outline and cut open the narrow slot.

Wrap around the base of your finger · thread the pointed end through the slot · read the letter at the slot

STEP 3 — OR MEASURE A RING YOU ALREADY OWN

Place the ring over the circles. The correct size is where the circle just disappears inside the band.

For an accurate result

- Measure in the afternoon or evening — fingers are smallest in the morning.
- Warm your hands first. Cold fingers measure smaller.
- Between two sizes? Always choose the larger one.
- For a band 6 mm or wider, go up by half a size.
- The ring must still slide over your knuckle — size to the knuckle if it is wider.

Still unsure? Call in and we'll measure you properly — free of charge.
